What's New in the?

Numeric Clock is a simple and handy screensaver that features a digital clock designed to impress your mind. The numbers are generated from the current day/time of your computer's hardware clock. To install, copy this into the menu given on the NumericClock download page. To remove the screensaver, do the following: Backup the following folders: The /Program Files/NumericClock folder. Any hidden folders in the /Program Files/NumericClock folder. /Application Data/NumericClock /Desktop/NumericClock The NumericClock.ini file located in the /Program Files/NumericClock folder. Change the following registry settings: HKEY_LOCAL_MACHINE\Software\NumericClock NumericClock_ClockStyle_Number = 0x90003501 Numeric Clock Stutters on Windows 7 The most common side effect of this screensaver is that it may stutter on Windows 7. This is because the clock is scheduled to display every 30 seconds, but it only draws one second of the display each time. This problem can be resolved by changing the "Show Seconds" setting in the Power Options control panel to "Never." The first time you run NumericClock, you will have to close the control panel and then reopen it to apply the setting. Numeric Clock Uninstallation Numeric Clock is a screensaver, therefore the process of removing it is simple and follows the steps given below. Backup the following folders: The /Program Files/NumericClock folder. /Application Data/NumericClock The NumericClock.ini file located in the /Program Files/NumericClock folder. Change the following registry settings: HKEY_LOCAL_MACHINE\Software\NumericClock NumericClock_ClockStyle_Number = 0x90003501 Click the Apply button to save the changes and return to the Screensaver selection dialog. Click OK to close the dialog. Close all open programs on your computer. Double-click NumericClock.exe. Click the Finish button. Uninstallation steps may vary depending on the version of Windows you are running. For more details, see NumericClock Screensaver: Removing and Uninstalling for more information. Numeric Clock Se
